Dear Sir/Madam:

Response

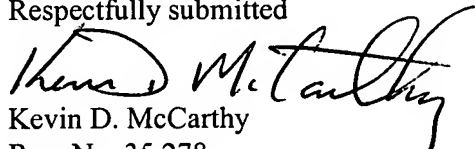

This response is in reply to the office action mailed on June 14, 2007.

In that office action, it was written that "Claims 75-169 are subject to a restriction and/or election requirement. . . . This application contains claims directed to the following patentably distinct species: Species I: the combination including one or more transducers functioning of receivers of ultrasonic signals; Species II: the combination including at least one reflector." Applicant respectfully traverses that restriction requirement to preserve its rights.

Applicant elects Species II. The claims encompassing the elected species are: 76-80, 91-95, 97, 105, 107-111, 119-125, 130-139, 143-160, and 166-169. In addition, claims 120-122 and 125 have been amended and it is believed those amended claims fall within the ambit of the elected species.

It is believed the claims are in condition for allowance and such allowance be granted.

Respectfully submitted

  
Kevin D. McCarthy
